(b) The Ft. Lewis Area Access Section will determine whether the area is available and, if so, authorize entry. All calls and actions will be recorded on DA Form 1594 (Daily Staff Journal or Duty Officer's Log).

(c) Permit holders must call or visit the Ft. Lewis Area Access Section immediately after leaving the authorized area to obtain checkout clearance. If a checkout is not received within three hours after the estimated time of departure, the Ft. Lewis Area Access Section will call the contact phone number in the permit holder's record and, if necessary, initiate a search through the Military Police Desk. Permit holders who fail to call out twice will be barred from area access for thirty days. A third failure to check out will result in suspension of the permit for the remainder of its normal duration or ninety days, whichever is longer.

(d) Failure to comply with the provisions of this paragraph shall subject all persons to the provisions of this section.

§ 552.95 Compatible use.

(a) Unit commanders may, during training area scheduling, request that no permit holders be allowed in their areas. Justification must be in the remarks column of HFL Form 473 (Range, Facility and Training Area Request). If this restriction is granted, the Ft. Lewis Area Access Section will close the appropriate areas. In the absence of a trainer's request for closure, the following military activities are considered incompatible with non-training access and will, when scheduled, block affected areas:

(2) Parachute and air assault operations.

(b) The Range Officer may close training areas based on multiple occupation by large units.

(c) Areas allocated to modern firearm deer hunting are closed to training and recreational activities. When State Fish and Game pheasant release sites can be isolated by swamps, streams, or roads from the rest of a training area, multiple occupancy is authorized.

§ 552.97 Communications.
